PROFESSIONAL / PRACTITIONER DATA SHEET

ReCover Peptide Recovery Mask

Post-procedure hydration, soothing support, and peptide-forward skin conditioning in a professional hydrogel mask.

PROFESSIONAL POSITIONING

A cooling hydrogel recovery mask formulated with polynucleotide, GHK-Cu, a multi-peptide complex and multi-form hyaluronic acid to support hydration, comfort and the appearance of smoother, healthier-looking skin.

Designed for use following aesthetic procedures when appropriate within the provider's protocol.

DEEP HYDRATION	SKIN COMFORT	PEPTIDE SUPPORT
Multi-form hyaluronic acid + humectant support	Cooling hydrogel matrix for a soothing recovery experience	GHK-Cu + Acetyl Hexapeptide-8 and supporting peptide complex

KEY FORMULATION COMPONENTS

- Copper Tripeptide-1 (GHK-Cu) - skin conditioning; supports the appearance of firmness, texture and rejuvenation.
- Acetyl Hexapeptide-8 - cosmetic peptide used to support smoother-looking skin and the appearance of expression lines.
- Multi-form Hyaluronic Acid Complex - supports immediate and sustained moisture, suppleness and barrier hydration.
- Betaine + Hydrolyzed Glycosaminoglycans - humectant and skin-conditioning support.
- Gentiana Scabra Root Extract - botanical antioxidant and soothing support.

CLINICAL APPLICATIONS

Appropriate as a cosmetic recovery step following:

- Microneedling / RF microneedling
- PRP facial procedures
- Laser treatments
- Chemical peels
- Hydrafacial® treatments
- General hydration / recovery protocols
- Weekly home maintenance between procedures

FORMULATION PROFILE • 38 g / 1.34 oz per facial mask • Fragrance-Free • Paraben-Free • Sulfate-Free • Dermatologist Tested • Designed & Developed in the USA • Made in Korea

PROVIDER PROTOCOL

How to integrate ReCover

A simple cosmetic recovery step for the treatment room and between-procedure home care.

1	**PREP**	Cleanse skin thoroughly. Complete the planned aesthetic procedure according to the provider's protocol.
2	**APPLY**	Open pouch and position mask evenly over the face, avoiding eyes and lips.
3	**RECOVER**	Leave in place for 20-30 minutes. The hydrogel matrix provides close skin contact and a cooling treatment experience.
4	**FINISH**	Remove mask and gently tap or massage remaining essence into the skin. Follow with an appropriate reparative serum if desired.

EXPECTED COSMETIC BENEFITS

- Intensive hydration and moisture replenishment
- Supports a calmer, more comfortable recovery experience
- Supports the appearance of elasticity and suppleness
- Helps skin appear smoother, firmer and healthier-looking
- Supports patient comfort and satisfaction during cosmetic recovery

HOME-CARE GUIDANCE

Use 1-3 times weekly or as directed by the skincare professional. Apply to clean skin for 20-30 minutes; tap in remaining essence after removal.

PRO TIP

For enhanced cosmetic recovery support, pair ReCover with an appropriate ReVia Well peptide serum.

PRODUCT INCI

Water, Butylene Glycol, 1,2-Hexanediol, Hydroxyacetophenone, Betaine, Sodium Hyaluronate, Gentiana Scabra Root Extract, Sodium DNA, Copper Tripeptide-1, Acetyl Hexapeptide-8, Pentylene Glycol, Phenoxyethanol, Propanediol, Benzyl Glycol, Hydrolyzed Glycosaminoglycans, Ethylhexylglycerin, Sodium Hyaluronate Crosspolymer, Hydrolyzed Hyaluronic Acid, Hydroxypropyltrimonium Hyaluronate, Hyaluronic Acid, Sodium Acetylated Hyaluronate, Glycerin, Chondrus Crispus, Potassium Citrate, Citric Acid.
